Blue Bears 2021-2022

Nicknames of Teammates that are in the engineering notebook.

Kaitlyn, Kait

Thomas, Tom

Nes'et, Nessetti

Dakota, Kota, Sage, Entity, NT, Koda

Kassie, Kass, Bestie

We miss Nando!

Nando was on our team for most of the season. But Nando's dad is really sick. If he caught COVID, Nando would lose his dad. Both Nando and we wanted him to finish the season with us, but his family and he made the decision that his father came first.

We support his decision, and that's why he's here on our team page and an inventor on our patent application.
